SUMMARY An enthusiastic web developer with 5 years experience in visual and graphic design. I have experience building web applications using ReactJS and NodeJS. I have a passion for solving problems and striving for improvement through critical thinking and teamwork.

SKILLS JavaScript: ES6, React.js, Redux, Node.js, REST APIs, SQL, PostgresQL, Sequelize, Firebase, Data Structure & Algorithm, MongoDb, Git,Github, Visual Studio, HTML5, CSS, Adobe Creative Suite.

PROJECTS Troo Dairy Shop : shopping cart inspired by Coding Revolution with added features. GitHub | Livesite

- Built back end using Mongoose and front end with React/Redux with Mocha testing.
- Designed UI/UX elements to enhance visual appeal.

Anisoptera : weather app clone.
GitHub | Livesite

- Fetched in-depth weather data through third-party API mapbox and darksky and arranged into simple visualization data.
- Transformed into multi-device site, secured with Jasmine testing.

Matching Game : responsive flipping cards game.
GitHub | Livesite

- Written entirely using JavaScript and Bootstrap.
- Implemented timer, move counter, star rating features.

Blocipedia : wiki clone.
GitHub| Livesite

- Utilized Sendgrid for email sending and Stripe for payment.
- Implemented user authentication and membership upgrade features.

EMPLOYMENT

DealerOn, Inc | **Jr. Visual Designer** Aug. 2017 - July 2018

Assisted SEM/ SEO team and marketing team with over 1500 web banner ads used Adobe applications for automotive mobile dealership clients. Maintained and improved the company branding, create monthly newsletter, on-boarding forms, power-point, maintain audio pod-cast to company's website.

ASEAN Youth Organization | **Graphic Producer** Jan. 2017 - Jan. 2018

Created weekly video with ProShow for ASEAN Youth Project illustrating the cultures of each country from South East Asia, which attracts average 700 views weekly. Discussed and came up with more ideas with team members to gain engagement from users.

Kaiser Family Foundation | **Multimedia Designer** June 2016 - Aug. 2016

Illustrated objects by utilizing Illustrator, Photoshop for motion graphics and data visualization. Designed in-house graphic for ongoing projects while maintaining image library, assisting in photo shoots, photo touch ups, and producing sound for video productions.
